

## PORTABLE XRF COURSE SYLLABUS

### Overview

This course is aimed at personnel who are supervising the use of Portable XRF (x-ray fluorescence) devices on behalf of their organisation.

It does not permit the repair or maintenance of equipment or allow personnel to perform alignment procedures where safety interlocks are to be defeated.

This course provides course participants with the skill and knowledge requirements for the radiation management of Portable XRF equipment, including aspects such as auditing and compliance, radiation exposure, and incident response.

### About this Course

It is a requirement under the Radiation Safety Act 1975 that the use of Portable XRF is performed under the supervision of a competent and licensed person.

### Course Details

Location:	West Leederville, WA
Duration:	One Day
Times:	8:00 am – 4:30 pm (approx.)
Cost:	\$850 + GST

### Course Variations

Custom presentation and training packages are available to meet your organisation's needs, with training that can be delivered on-site on a date that suits you.

For custom course development and delivery, please get in touch with our training team at +61 (08) 6117 4095 or [training@radsol.com.au](mailto:training@radsol.com.au).
