

FIXED RADIATION GAUGES (RSO) COURSE SYLLABUS

Overview

This course is aimed at personnel who are supervising the use of Fixed Radiation Gauges, on behalf of their organisation.

This course provides course participants with the skill and knowledge requirements for the radiation management of fixed radiation gauges, including aspects such as import, installation, auditing and compliance, radiation monitoring, wipe (contamination) testing, transport and storage, emergency response, and disposal.

About this Course

It is a requirement under the Radiation Safety Act 1975 that the use of Fixed Radiation Gauges is performed under the supervision of a competent and licensed person. This course is aligned with the ARPANSA Code of Practice for the Safe Use of Fixed Radiation Gauges.

A moderate level of mathematical understanding is required to successfully complete this course.

Course Details

Location:	West Leederville, WA
Duration:	Three Days
Times:	8:00 am – 4:30 pm (approx.)
Cost:	\$1985 + GST
